WILL PLACE MILITIA UNDER U.S. CONTROL

Measure Passed by Massachusetts Legislature Is Signed by Gov. McCall.

RATED LEGISLATIVE STEP TOWARD FEDERALIZATION

Commonwealth Agrees to Transfer State Troops to National Volunteer Force When Organized.

A measure regarded in Washington as the first legislative move toward complete federalization of the militia has been signed by Gov. Samuel W. McCall of Massachusetts.

The bill, proposed to the Massachusetts legislature by a special military commission, puts Massachusetts on record as urging a complete federalization of the country's militia forces, and Massachusetts by statute is now committed to transfer of its militia from state to federal control whenever a national volunteer force shall be provided.

Massachusetts has called the measure the "preparedness" bill. The state is the first to legislate in anticipation of a fully federalized militia, and the government and people of Massachusetts have been enthusiastic in taking action that may help toward standardizing and developing the forty-eight state armies as a national second-line army. More than 40 per cent of the militiamen of Massachusetts and New England were in favor of working toward complete federalization as opposed to the Hay bill's scheme of combined federal and state control. The passage of the bill, overwhelming voice votes, was marked by speeches placing the national defense above states' rights.

Provisions of the Measure.

The measure sets forth: "The governor, with the advice and consent of the council, is hereby authorized and empowered to transfer any or all organizations, departments or staff corps of the Massachusetts volunteer militia to such United States volunteer military or naval force, other than the regular army or navy, as the Congress of the United States may at any time authorize, commission or enlistment in such United States forces shall entitle officers and men to an honorable discharge from the Massachusetts volunteer militia. Provided, that no organization shall be transferred by the governor to such United States force if a majority of the officers and enlisted men of said organization shall by vote reject such proposed transfer within thirty days after notice to the commanding officer of said organization by the governor of his proposal to transfer said organization. Provided, further, that nothing in this act shall be construed to affect the right of any officer to be retired under the provisions of chapter 804 of the acts of the year 1908, with amendments thereto. Provided, further, that any officer or enlisted man of any organization that has been transferred to such United States force, who does not elect to enter such force, shall be entitled to receive an honorable discharge from the Massachusetts volunteer militia when not in contravention of any law of the United States.

Authority Conferred on Governor.

"The governor, with the advice and consent of the council, may lease to, or permit to be used by, any United States volunteer military or naval force organized under the laws of the United States any military or naval property belonging to the commonwealth upon such terms and conditions as shall fully protect the commonwealth against loss. Provided, however, that this act shall not apply to land or building not now owned by the commonwealth and used for said purposes.
